

Information About the Service

This offer includes a single Broadband ADSL subscription, which requires the use of an active land-line to provision the service. The land line service must be kept active at all times to ensure the broadband service may function.

Availability

Most areas are ADSL capable, however there are factors outside our control that may reduce your ability to subscribe to the service. To ensure your connection, several tests are done once you have provided your telephone number to us, or when you are ordering a new bundled service; when we receive your new phone number from our supplier.

Minimum Term

This plan is available on a No Contract term as well as a 12 month or 24 month contracted term. Discounts are applied on the setup and/or hardware on longer terms.

Your Monthly Data Allowance

You receive **1000GB** (1GB = Gigabyte which is made up of 1000 Megabytes) of data on each monthly billing cycle. There are no peak/off-peak restrictions on your plan and no excess usage charges apply. Should you exceed your monthly download limit your connection will be shaped to 256kps/256kps for the remainder of your billing period.

Should you wish to upgrade your plan or purchase prepaid data you may do so by contacting us during support hours.

Broadband Speeds

Planet Ozi ADSL plans provide a maximum download speed of up to 20Mbit to eligible customers in selected areas (ADSL) but average speeds will be lower.

Actual speeds will vary due to a number of factors such as distance from the exchange, the network connecting the exchange to your equipment, software and internet traffic.

Special Promotions & Value Added Services

This summary doesn't include any special promotions or extra value added services (such as a Static IP) that you may select or add to your package.

Telephone Line Requirement

All ADSL Services require an active telephone line to provide DSL services to the premises. This offer can be taken with either a pre-existing Planet Ozi phone line or an alternative carrier's phone line.

Please be aware though that the phone line must stay active for the service to be provided. Should the phone line portion of the service (even with another carrier) be terminated the ADSL service is also automatically terminated at the exchange.

Information About Pricing

The below section includes information about the pricing and the usage rates associated with the services contained in this summary.

Monthly Charge

The minimum monthly charge under this offer is **\$89.95 per month**. This does not include any usage charges associated with the services provided for example; local calls or national calls or prepaid data that may be purchased in addition to the normal recurring charges.

This equates to **\$0.08 for 1 Gigabyte** of data on this offer.

Connection Charges

The connection charges for an ADSL service depends on the length of contract selected, more information is found in the next heading Contracts and Termination Fees.

Changing Plans & Miscellaneous Charges

You can move to another Planet Ozi plan as your needs change, upgrading your current plan to that of a higher value plan is free, downgrades are charged on a once-off rate of \$22.00.

ADSL Routers ordered incur a \$15.00 Postage and Handling Fee.

Other Information

Contracts and Early Termination Fees

This offer is available on 3 different contractual terms.

No Contract: Setup fee of \$99.00 applies, the service is strictly month-to month and may be cancelled by you at any time. Minimum payable on this term is \$188.95.

12 Month Contract: No setup fees associated with this service. Minimum payable on this term is \$1,079.40.

24 Month Contract: No setup fees associated with this service, in addition a free wireless ADSL Router may be obtained at time of order. Minimum payable on this term is \$2,158.80.

All contracted broadband services have an early termination fee of \$129.00 for the ADSL component if the service is cancelled within the contracted period.
