

Information About the Service

This offer is for a VoIP service, which is provided using SIP technology. This works with most VoIP adapters and product suites. You will require a broadband connection to utilize this service.

Availability

This service requires a Planet Ozi Broadband connection in order to be ordered or activated.

In some areas we may be able to port or churn your existing land line to your VoIP service however you will need to contact us for information on this process.

Full Service Arrangements

If you port your number to Planet Ozi, you will not be able to utilize another carrier for long distance calls or over-rides due to the way the VoIP network operates.

Minimum Term

This service doesn't have a minimum term, it is provided month to month.

Special Promotions & Value Added Services

This summary doesn't include any special promotions or extra value added services (such as a Static IP) that you may select or add to your package.

Bundling Requirement

This offer requires an active Planet Ozi broadband subscription, if the broadband component is removed from this bundle this subscription may be cancelled.

We will contact you to discuss options in the event that this becomes likely.
